

Annual Giving Campaign

Help support the Franklin County Conservation District during our annual giving campaign which runs from Giving Tuesday each November through December 31. There are easy options to set up a recurring pledge and contribute annually, quarterly, or monthly.

Event Sponsorships

Consider becoming an event sponsor to help provide public outreach about conservation while also promoting your organization within the community. Sponsored events help the Franklin County Conservation District reach the community and raise awareness and support for conservation and the Conservation District. Individual, group, or business donations can be used to sponsor an event or part of an event. We currently offer two annual event sponsorships; Earth Day Festival and Annual Meeting. Learn more about the specifics of event sponsorships on our website www.fccdks.org

Make your tax deductible contribution to help promote conservation in Franklin County today.

Visit our website at www.fccdks.org for contribution forms or call our office to discuss any questions you might have.

Contributions and gifts are welcome in any denomination. All contributions and gifts will be considered “unrestricted funds” and go towards the Franklin County Conservation District general funds for the direct promotion of conservation of our natural resources unless noted otherwise on a specific contribution form.

***Conserving
natural resources
for the future***

Franklin County
Conservation District
Ottawa, Kansas

Your financial contribution will further the conservation of our natural resources for the future.

The Franklin County Conservation District is a political subdivisions of state government, established in 1941 and charged with the conservation of the natural resources of Franklin County. Our primary operating funds are provided exclusively through county ad-valorem tax funds, as appropriated through the Franklin County Commissioners; and Kansas Water Plan funds, as outlined in K.S.A. 2-1907C. The public can also contribute to the conservation district through memorial, honorarium and other gifts to help enhance our mission of conserving our natural resources for the future.

Conservation provides economic and environmental benefits direct to Franklin County and all residents; both urban and rural. Voluntary conservation practices enhance and protect water quality, and soil health, for community health and environmental benefits and now is your opportunity to support our mission.

We offer several options for you to support conservation.

Your tax-deductible contributions will make a difference in general operations and public information and education programs focused on promoting conservation of natural resources for the future. From school programs for students, to professional development workshops for educators; to field days for local farmers and ranchers to learn new soil health practices. We even provide technical assistance in plant identification, managing wildlife habitat, erosion control, and much more. We want to provide resources and experiences to allow current and future generations to understand the importance and value of conservation.

All funds received stay right here in Franklin County and are used to serve Franklin County landowners and residents. All funds will be used for the direct promotion of conservation of our natural resources in Franklin County.

Memorial Contributions

Suggesting memorial donations be made to the Franklin County Conservation District is a thoughtful way for others to pay tribute to your farmer, rancher, conservationist, or wildlife enthusiast while celebrating the life of your loved one. Contributions in memory of your loved one will help us expand on the important work we do towards conserving our natural resources for the future.

Honorarium Gifts

An honorarium gift provides a meaningful tribute to a relative, friend or colleague by commemorating a special occasion or event. The honoree will receive an acknowledgement letter to inform them of your thoughtful gift. Honorarium gifts can also be given anonymously.

Honor a Teacher with an EE Hero Gift

An Environmental Education (EE) Hero gift is a great way to honor your child's teacher, or a teacher who made a lasting impact on your life and sparked your love for the outdoors, your interest in agriculture or appreciation for wildlife. Your EE Hero will receive an acknowledgement letter to inform them of your thoughtful gift. What better retirement gift, holiday gift, or teacher appreciation week acknowledgment gift could you give a teacher than to name them your EE Hero?
