Sponsor an Event

Consider becoming an event sponsor to help provide public outreach about conservation while also promoting your organization within the community. Sponsored events help the Franklin County Conservation District reach the community and raise awareness and support for conservation. Individual, group, or business donations can be used to sponsor an event or part of an event.

We currently offer two annual event sponsorships; Annual Meeting and Earth Day Festival

- Our Annual Conservation Meeting is held each January. This is a great way to say thank you to the farmers, ranchers, cattlemen and cattlemen who are dedicated to conservation of our natural resource and are more than likely your customers also. Your business will receive various levels of recognition including on our website, in our printed meeting program, on printed invitations and in our annual meeting ad in the Ottawa Herald. Becoming an annual meeting sponsor is a great way to let your customers know you support conservation in Franklin County.
- Franklin County Annual Conservation Meeting is held in late January each year; for planning purposes sponsorships must be received by December 31, 2018 to sponsor 2019 Meeting.
